

Goal-Setting <u>Identify specific goals to improve your teaching.</u>	Priority	Secondary
1. Subject Matter		
a. I want to work on choosing a greater variety of appropriate subject matter		
b. I want to improve how I present subject matter to make it more interesting and effective		
c. I want to improve using a variety of activities including:		
i. Body Parts		
ii. Space		
iii. Time		
iv. Energy		
2. Presenting Subject Matter		
a. I want to focus on connecting with the children in a meaningful way		
b. I need to practice using variety in tone and quality in my voice.		
d. I want to focus on choosing a variety of music which supports my subject material.		
e. I want to practice giving directives and expectations with confidence.		
c. I need to be more conscientious in detecting non-verbal signals from students (knowing when children are off-task, disconnected, out of control, etc.), respond to them, and act on them effectively		
3. Responding		
f. I want to focus on detecting indications of how children feel (happy, bored, etc.) and respond to them.		
g. I want to focus on responding effectively to ideas children offer.		
h. I need to really notice and respond to each child at some point in the session.		
i. I want to bring more energy, excitement and a sense of magic to the lesson.
